

Signalfigur

Standard

Fremstillet i sort 2 mm PEHD plast, monteret på en galvaniseret stålstang og kan let foldes sammen så den ikke fylder så meget. I hver ende er der monteret et Ø4 x 15 x 30 mm nødded for montering af line.

SMK

Er ligesom standard udgaven, men der er monteret et Ø5 x 20 x 35 mm nødded for montering af line, samt 2 forstærket øjer med ½" karabinhage for montering af ekstra styreliner.

Signalballon Standard:

Best. Nr. Signal 151050 300 x 300 mm

Best. Nr. Signal 151045 600 x 600 mm

Signalballon SMK:

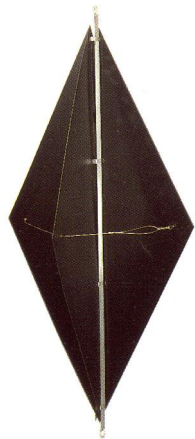

Best. Nr. Signal 151063 300 x 300 mm

Best. Nr. Signal 151060 600 x 600 mm

Signalcylinder Standard:

Best. Nr. Signal 151046 1200 x 600 mm

Signaldiamant Standard:

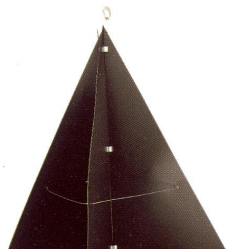

Best.Nr. Signal 151051 300 x 600 mm

Best. Nr. Signal 151047 1200 x 600 mm

Signaldiamant SMK:

Best.Nr. Signal 151064 300 x 600 mm

Best. Nr. Signal 151061 1200 x 600 mm

Signalkegle Standard:

Best. Nr. Signal 151052 300 x 300 mm

Best. Nr. Signal 151048 600 x 600 mm

Signalkegle SMK:

Best. Nr. Signal 151065 300 x 300 mm

Best. Nr. Signal 151062 600 x 600 mm

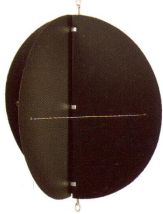

Signal shape.

Standard

Manufactured in black 2 mm PEHD plastic, mounted on a galvanic steel rod, and it can be easily folded up so it does not take up so much place. At each end is fitted with Ø4 x 15 x 30 mm distress ring for fitting of a line

SMK

Is like the standard version, but it is mounted with a Ø5 x 20 x 35 mm distress ring for fitting of a line, and there is also 2 eyelets with ½" carabiner for attaching additional steering lines.
